

## SyncMaster® 2/SyncMaster 3

14" Color Monitors – Models CVB4581/CVB4587

An adaptable, 14" multi-scan color monitor that is ideal for business graphics, desktop publishing, text-based applications, presentation graphics and graphical environments like Windows®, GEM® and Presentation Manager®. A black, non-glare screen and tight dot pitch keeps everything from graphics to text razor-sharp. The SyncMaster 2 and SyncMaster 3 are versatile enough for any desktop environment.

**Super-VGA 1,024 x 768 resolution and unlimited color display** bring graphics to life. Images appear bold and bright. Also supports 800 x 600 and 640 x 480 resolutions.

**Fully VGA compatible**, displays an unlimited choice of striking bold and pastel colors. Analog input compatible with all popular video standards, including 8514/A, Super-VGA and the IBM PS/2®.

**A black, 14" non-glare screen** reduces fatigue and enhances readability. Tight .31mm dot pitch in the SyncMaster 2 or .28mm dot pitch in the SyncMaster 3 keeps text clean and sharp.

## Specifications
