

iSERIES REVEALED!

IBM

@server events

IBM offers a new way to help simplify your IT infrastructure and deliver even higher-levels of performance without disrupting your business.

illuminating.

Join us at the complimentary
IBM COMMON Webcast.

**May 4, 2004
11:00 am (EDT)**

It's all part of our continuing commitment to midrange servers.

And it involves something big about iSeries innovations that will soon be revealed.
