

With IBM Digital Printers, you can give little projects the attention they deserve.

Once, you printed small projects for love, not money. Now it can be both. With IBM® digital production printers, short runs can actually be profitable. How? They let you print what you need, when you need it. No warehousing costs. No inventory delays. No overstocks. IBM's InfoPrint® Manager software helps you manage the entire process of printing books – from maintaining huge digital libraries, to creating customized color covers, to printing and binding all the pages in between. You can even print single-book orders cost effectively, in a matter of minutes. So don't pass on the little projects. Profit from them. To explore digital printing solutions that can be customized to your needs, call us at 1 800 358-6661 and select option 3 and ask for priority code 6N8EU001. Or visit us at www.printers.ibm.com/books

IBM Digital Printers make short runs worth your while.
