QuickPlace QuickStart

Overview

The QuickPlace QuickStart offering provides an effective way to pilot the best self-service, web-based groupware solution for organisations in need of an immediate, secure workspace for projects and team collaboration. This approach lets you create a robust collaborative infrastructure while minimising your investment and risk.

Benefits

- *QuickStart offering helps organisations to gain solid understanding of QuickPlace's key features – and how best to use them in your environment.*
- *Prove how QuickPlace can improve teamwork and raise collaboration to new heights.*
- *QuickStart program helps organisations to gain solid understanding of QuickPlace's key features - and how best to use them in your environment.*
- *QuickPlace offers customisation potentials for developers and low administration overhead.*
- *IBM Software Group Services has the experience and skills to help quickly increase your organisation's understanding of the features and functionality of QuickPlace, as well as introducing best practices for supporting and administering this key collaboration tool.*

Is QuickPlace QuickStart appropriate for your Organisation?

- *Do you need an effective way for teams to communicate and share documents efficiently?*
- *Are you interested in increasing the productivity of widely dispersed teams by providing a single, secure location to share content?*

- *Would you like to bring new efficiency to collaborative teamwork by enhancing the ability of teams to share documents efficiently and track all revisions?*

If you answered "yes" to any of the above questions, QuickPlace QuickStart is appropriate for you.

What is delivered?

The QuickPlace QuickStart offering includes the following deliverables:

- *Installation of one QuickPlace server.*
- *50 client access licences.*
