This collection of Adobe® Acrobat Portable Document Format (PDF) files is the library for CICS Transaction Gateway and CICS Universal Client.

The books in this collection are listed under '[CTG Library](#)' and '[CUC Library](#)'.

- Each book displays an expandable list of bookmarks. Click on a bookmark to go to the relevant page.
- Links within books are displayed in a blue box. You can click on these to jump to other parts of the document. Also, you can jump to a section by clicking on its entry in the index or table of contents.
- Some books contain links to Web sites. If you click on a URL, your Web browser is invoked and the referenced information is displayed. You might need to configure your Weblink preferences to make this work.
- To enable searching, there is an index file (.PDX) for each book. For more information about searching see the '[Search](#)' panel.
