Global Summit 2012 Orlando

September 5-7, 2012 | Walt Disney World Swan and Dolphin Resort

Redefining commerce in
the age of the customer.

Summit Guide

#IBMSCGS

ibm.com/software/commercesummit

Welcome to the IBM Smarter Commerce Global Summit 2012 – Orlando

Thank you for joining us at the Smarter Commerce Global Summit 2012 – Orlando. We've planned this conference to provide you with the insight and resources you need to more effectively connect with today's customers. This guide will help you identify the most relevant sessions and activities so you can gain maximum benefit from the conference.

Over the next few days, you will have the opportunity to meet with industry peers and IBM experts. You'll learn more about our plans for the products and services that will help your organization thrive in today's digital and social landscape. More importantly, you'll hear about the impact Smarter Commerce is already making in helping organizations "redefine Commerce" by putting the customer in control of how they buy, market, sell and service.

The agenda offers insights into the most pressing industry imperatives in cross-channel commerce, supply chain collaboration, customer insight and analytics, mobile and social technologies, cloud networks, and regulatory compliance. Choose from more than 200 sessions tailored for business leaders and technology practitioners, supplemented with an industry track. All these sessions are designed to help you learn and apply practices aimed at treating your customers as individuals and engaging with them in a way that delivers an exceptional customer experience.

Take it all in...

Along with the information sessions, the agenda offers networking time to build relationships and connect with other attendees in your field, industry thought leaders, Business Partners, and IBM subject matter experts. Stop by The Lounge and chime into various interactive chats hosted by world-leading movers and shakers. Be sure to join the social conversations, using #IBMSCGS.

Don't forget to set aside some time to experience the latest Smarter Commerce solution capabilities throughout the week as part of our Meet the Experts program. IBM executives will also be available at the Executive Center to meet with you and discuss solutions to your most challenging business needs.

I'm delighted that you're here and I look forward to meeting you. All of us at IBM are committed to partnering with you to help you achieve your business goals.

Enjoy your time at the conference!

Internet Access

IBM Smarter Commerce Global Summit is providing an open/shared wireless Internet network to all attendees.

Network Name/SSID: SmarterCommerce

This network is NOT password-protected, and it can be found throughout the indoor meeting space occupied by IBM Smarter Commerce. This wireless network was designed with your productivity in mind; but remember that large downloads, internet streaming or other bandwidth-intensive functions may slow your experience. As with any public wireless network, we strongly suggest users take measures to secure their devices and internet communications. We encourage using Virtual Private Networks in conjunction with Personal Firewalls to mitigate risk to personal data. It is the user's responsibility to take precautions and provide security measures suited to their situation and intended use of this service.

Luggage Storage

Please work with the Dolphin Bell Desk for any of your luggage storage needs.

Meet the Experts

Attendees can get an in-depth look at IBM products, solutions and technologies, and meet with one of IBM's many technical experts or product managers onsite. The Meet the Experts area is located in the Solution Center and will provide attendees an opportunity to meet one-on-one with IBM product managers and solution experts, and view demonstrations of many Smarter Commerce solutions. Simply visit one of the IBM Smarter Commerce areas in the Solution Center or stop by the Meet the Experts check-in desk to reserve time for a demo or talk with one of our solution experts throughout the event.

Registration

The registration desk is located in the Convention Foyer on the lobby level.

Emptoris Empower

An Event Within the Smarter Commerce Global Summit 2012 – Orlando

Following the recent acquisition of Emptoris by IBM, we are pleased to integrate our annual Emptoris Empower 2012 customer conference into the IBM Smarter Commerce Global Summit 2012 - Orlando.

Empower 2012 is a rare opportunity to choose from more than 20 business and technical sessions focused on new Emptoris technology, best practices, case studies and visionary thinking.

Join us in the Emptoris Exclusive Customer Lounge open throughout the duration of the event in the Southern Foyer.

Your conference bag is changing the world

The conference bag material was upcycled from billboards on the streets. The bag is handmade in America by legal refugees who were forced to flee their country because of conflict. When you carry this bag, you're not only helping the environment you're also helping a community in need.

Empower 2012 Highlights

Hear from leaders. Our exclusive Emptoris General Sessions will feature dynamic industry keynote speakers Tony Milikin, CPO, Anheuser-Busch InBev, and John Paterson, CPO, IBM. Additionally, Emptoris breakout sessions will include customer speakers from Alcatel-Lucent, Cliffs Natural Resources, Otsuka Pharmaceutical, DHL, ZF, ABB, Siemens and many more!

Discover content-rich sessions. Hear from peers, product experts, and industry leaders with presentations that address issues like how to: manage and measure global savings programs; tackle complex category spend; and extend the value of ERP systems.

Experience the latest. Increase your solution ROI. You'll also be able to take advantage of the Solution Center, where you can demo the latest IBM Emptoris solutions, explore IBM Smarter Commerce and share ideas with peers, IBM Emptoris experts and Business Partners.

Network and connect with the brightest minds in your industry. Meet experts in your industry, and learn about the latest technology trends and issues. You'll also be able to meet one-on-one with IBM Emptoris Executives.

General Sessions/ Keynotes

General Session:

Wednesday, September 5, 8:00am–10:00am

Location: Pacific Hall A & B

Smarter Commerce: Innovating & Leading Through Connections

Host: **Guy Kawasaki**, *Founding partner, Garage Technology Ventures, Co-Founder, Alltop.com*

Redefining Commerce in the Age of the Chief Executive Customer

Craig Hayman, *General Manager, Industry Solutions, IBM Software*

In an era where the customer is in control, a new kind of leadership is emerging. No organization or company can accomplish this alone. Today's leaders are embracing social, cloud and mobile technologies to put the customer at the center of how their enterprises buy, market, sell and service. Learn how leading organizations drive optimized supply chains and adaptive procurement based on demand, and deliver seamless marketing and selling execution to create new sources of revenue, drive efficiencies and deliver optimal customer experiences. Success is no accident. We're here to make it happen.

Customer Presentations

Building a World-Class Supply Chain to Deliver Best-in-Class Customer Experience

Gerry Smith, *SVP Supply Chain and Services, Lenovo*

Gerry Smith will share how Lenovo is transforming its end-to-end supply chain to deliver the personal technology industry's best customer experience. He will describe how Lenovo is leveraging a world-class supply chain commerce platform to meet diverse and rapidly changing customer requirements, increase demand for transparency and simplicity in the order process, and how the company is aligning its global operation to deliver "perfect orders."

Customer Presentations

Better Customer Relationships in a Hyper-Connected World

Aditya Bhasin, SVP Consumer Marketing, Bank of America

Consumers today are becoming more and more connected. Their lives are more mobile and digital – and they expect their banks to serve their needs in that new world. Every day, Bank of America balances serving one in two American households with the reality that connected customers have options and high expectations. Bhasin will discuss how Bank of America is transforming itself to make better human connections, including how to make 22 million interactions per day more personal and “deliberately human.”

The Ultimate Partnership – Marketing and IT

John Marchionda, VP Marketing, Husqvarna

**Simon Howard, CIO, Global Information Services Business
Engagement Executive, Husqvarna**

With over 320 years of innovation, Husqvarna Group is the world's largest producer of outdoor power products, including chainsaws, trimmers, lawn mowers and garden tractors. Their strategy involves improving internal efficiency throughout the entire supply chain, in order to create a framework for increased investments in product development and brands that will further strengthen the Group's position. Simon Howard, CIO, and John Marchionda, VP of Marketing, will share how Husqvarna makes the ultimate partnership work that drives success for their business.

Guest Speaker

Switch: How to Change Things When Change Is Hard

Dan Heath, Senior Fellow at Duke University's CASE Center

Switch asks the following question: Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle, says Heath, is a conflict that's built into our brains. Psychologists have discovered that our minds are ruled by two different systems – the rational mind and the emotional mind – that compete for control. In *Switch*, Heath shows how everyday people – employees and managers, parents and nurses – have united both minds and, as a result, achieved dramatic results.

Smarter Commerce: Engaging with Customers as Individuals

Host: Guy Kawasaki, *Founding partner, Garage Technology Ventures, Co-Founder, Alltop.com*

Engaging with Customers as Individuals

Mike Rhodin, *Senior Vice President, IBM Software Solutions*

The customer is in control and has high expectations. Engaging your chief executive customers as individuals and delivering an optimal experience across all channels doesn't just drive revenue and improve margins; it builds relationships and a lifetime of loyalty. Learn how leading companies deliver personalized, consistent cross-channel experiences leveraging insights through deep analytics and optimized value chain execution.

Customer Presentations

Know Your Customer!

Joe Megibow, *VP and GM, Expedia.com*

The online or mobile travel consumer faces a myriad of pricing and packaging options; with so many choices, consumer loyalty can be fleeting. Poor experiences, even when small, can result in a quick click to a competitor's site and worse, the loss of consideration for future business. In such an immensely competitive and intertwined environment, it is essential to have complete visibility into the customer experience. Join Joe Megibow, vice president and general manager at Expedia.com, as he discusses how focusing on the customer can transform your business.

Transforming Procurement for Competitive Advantage

Nils I. Svanberg, *Global Contracts & Services Manager, Project Development & Procurement, ConocoPhillips*

The all-but-new ConocoPhillips that resulted from the 2012 spin-off of Phillips 66 is the world's largest pure oil and gas exploration and production company. In this keynote presentation, Mr. Svanberg will discuss why supply chain and procurement contracts are important in the upstream business and how, if done well, they should lead to competitive advantage.

Smarter Commerce Buy Track: Innovations in Supply Chain and Sourcing Strategies

Are you getting the most out of your supply chain software and services? How effectively are you synchronizing business-to-business interactions across your extended value chain? Today's supply chains and sourcing strategies must innovate and transform constantly, adopting new processes and practices that remove costs, drive operational excellence, and adapt to demand/supply volatility. Learn how you can benefit from new concepts and technologies such as cloud collaboration, B2B integration and managed file transfer, inventory visibility transformation, complex spend category management, analytics and optimization. Session leaders from IBM's Emptoris[®], Sterling Commerce[®], Business Analytics, ILOG[®], Global Business Services, Global Processing Services, as well as others, will share best practices and lessons learned from personal experience, all to incite you to transform your supply chain.

Smarter Commerce Market Track: Innovations in Marketing

Smarter Commerce uses deep customer insight – gleaned from behaviors across offline and online channels – to create and deliver timely, personalized engagements across multiple channels and touchpoints. The world's best marketing organizations are adopting IBM technologies to better meet customer expectations and take their marketing performance to the next level. Leading adopters of these technologies will gather at the Smarter Commerce Global Summit 2012 – Orlando to network with peers, share best practices, explore new technologies, and learn from IBM's team of experts to chart an exciting course to even greater achievement. Whether you are currently using IBM solutions from Unica[®], Coremetrics[®], DemandTec, Tealeaf and others, or just exploring your options, each session is sure to inform and inspire.

Smarter Commerce Sell & Service Track: Innovations in Customer-Centric Selling and Service

Knowing your customer is a basic expectation in today's world. Consistently exceeding that expectation and delivering personalized, integrated and rewarding experiences will define market leaders. Discover how to accomplish this goal by leveraging the latest solutions offered by IBM. This track will focus on the benefits B2B and B2C companies can realize through cross-channel, multi-tier selling and fulfillment initiatives that integrate precision marketing, merchandising, order management, content management and the overall customer experience across all channels.

Smarter Commerce Industry Track: How Industries Are Innovating to Meet Customer Expectations

There is no question that the impact of the empowered customer is profound and far-reaching. This track examines the issue from the perspectives of seven industry groups: consumer products & wholesale, high tech & industrial, banking, insurance, healthcare & life sciences, communications & media, and retail. Industry-specific track sessions will include analysis of commercial trends, key consumer challenges and, most importantly, guidance and thought leadership on the strategies and solutions that should be considered. In a number of sessions, IBM customers will also explain where and how they applied innovative strategies in their businesses.

SmarterCommerce

Global Summit 2012 Orlando

September 5-7, 2012 | Walt Disney World Swan and Dolphin Resort

Solution Center

Solution Center

The Hub for Networking, Collaboration and Engagement

Solution Center

The Solution Center will give attendees the opportunity to explore all facets of Smarter Commerce and share ideas with peers, IBM experts and IBM Business Partners. Follow a transformational journey across the four phases of IBM Smarter Commerce; Buy, Market, Sell and Service.

We have three avenues to help you to gain deeper insight into IBM Smarter Commerce products, solutions and capabilities:

1. Stop by one of the IBM Smarter Commerce Kiosks, which are organized around the four phases of IBM Smarter Commerce and talk with experts to learn how IBM Smarter Commerce can help you transform your business.
2. If you would like to see an IBM Smarter Commerce Solution in action, you can schedule a Demo in the Meet the Experts area. Simply stop by the check-in desk and make an appointment.
3. Finally, if you'd like to sit down with an IBM Product Manager or Solution Expert and discuss how IBM Smarter Commerce can help solve your most pressing business problems and challenges, you can schedule a 1:1 meeting in the Meet the Experts area. Just make an appointment at the Meet the Experts check-in desk.

Social Media. It's top of mind for you.

Discover what social experiences we've built into the **Summit**.

Get Smarter.
Get Social.

#ibmscgs

IBM  **So cool. So hot.**

The Lounge

Sponsored by *deja mi*

“Social media.” It’s top of mind for businesses everywhere. So we’ve built this event experience with social media in mind. The more you engage with your fellow attendees and the more you share about your personal experiences (both at the Smarter Commerce Global Summit and in your day-to-day work), the more satisfying this event will be.

You’ve got questions about social media. We’ve got answers. Come to the Solution Center to learn everything you need to know about social media. Learn how to use *deja mi* – a free app for sharing location-based photos and videos – with the company’s founder, Justin Miller. Upload your photos and we may feature them in the general sessions.

Happy Hour with Social Media Thought Leaders September 5, 6:15pm–8:00pm The Lounge

Featuring **Guy Kawasaki** and Special Guests:

Ted Rubin, *Chief Social Marketing Officer, Collective Bias*
Karen Wickre, *Editorial Director, Twitter*
Pam Moore, *CEO, Marketing Nutz*

Don’t miss the special Social Media Happy Hour and Book Signing in The Lounge, hosted by Guy Kawasaki and featuring special guests: Ted Rubin, Chief Social Marketing Officer, Collective Bias and author of *Return on Relationship*; Karen Wickre, editorial director, Twitter; Pam Moore, CEO, Marketing Nutz and one of the Top 5 Women Influencers in Social Media per Forbes.com; and Bryan Kramer, President and CEO, PureMatter and social media blogger. This is your chance to network with some of the most respected thought leaders in social marketing.

Meet up with other social attendees in The Lounge to attend a virtual #GetRealChat, hosted by Pam Moore and featuring a Q&A with IBM executives. We’ll post topics and times on our Twitter feed, so make sure to follow [@IBMSmrtCommerce](#). Bring your best questions and don’t be shy.

Tweet away using the hashtag [#IBMSCGS](#) for your chance to see your thoughts projected on screen during the general sessions. We want to hear from you.

And don’t forget that we’ve woven social media sessions directly into the conference agenda, so make sure to check out the session details on pages 37–67 for more information. Finally, we’ve created a Get Social Page on our website with everything you need to know about what’s happening at the event; find the link on our social media page 70.

Meet the Experts

Attendees can get an in-depth look at IBM products, solutions and capabilities, and meet with one of IBM's many technical experts or Product Managers or Solution Experts onsite. The Meet the Experts area is located in the Solution Center, and will provide attendees with two opportunities:

1. See an IBM Smarter Commerce Solution in action, when you schedule a Demo in the Meet the Experts area. Simply stop by the check-in desk and make an appointment.
2. Sit down with an IBM Product Manager or Solution Expert and discuss how IBM Smarter Commerce can help solve your most pressing business problems and challenges: you can schedule a 1:1 meeting in the Meet the Experts area – just make an appointment at the Meet the Experts check-in desk.
