## Before You Begin

---

**Introduction**

This section describes requirements that you must meet before you begin the Extension for PeopleSoft 8.0 (XML) installation.

---

**Pre-installation requirements**

The following are pre-installation requirements:

- Verify that the Microsoft XML Parser version 3.0 is installed.

**Reference**

You can obtain the XML Parser by installing the latest release of Microsoft's Internet Explorer.

- Verify that Gentran:Server for Windows Version 5.1 is installed.

**Reference**

See "How to Validate your Gentran:Server Installation" in the Post-installation Tasks chapter of the *Distributed System Installation Guide* or *Single Workstation Installation Guide* for additional information.

- Verify that you have successfully installed the XML Translation Option from the Options Pack CD.

**Reference**

See the *Options Pack Installation Card* for more information.

---

## How to Download from the ESD Portal

### Introduction

These instructions contain procedures for downloading the Extension for PeopleSoft components from the Electronic Software Distribution (ESD) Portal.

### Downloading the Application File

To download the zipped file:

Step	Action
1	In the E-mail message you received from Sterling Commerce, click the link to the Electronic Software Distribution Download Area.
2	In the Security Alert dialog box, click <b>Yes</b> .
3	On the Login page, type the following information: <ul style="list-style-type: none"> <li>▶ Sterling order number</li> <li>▶ Company name</li> <li>▶ Customer ID</li> </ul>
4	Click <b>Login</b> , and the system displays the Download Area.
5	Locate <b>Gentran:Server for Windows, version 5.1</b> and click <b>Download</b> .
6	In the File Download dialog box, click <b>Save</b> .
7	When the Save As dialog box opens, save the zipped file to the C:\ drive. <p><b>Note</b> If Internet Explorer adds a number in brackets to the name of the downloaded file (for example, gsw51[1]_peoplesoft_ext_cd.zip), rename the file on the Windows system before you transfer it to the system where it will be installed.</p>
8	Right-click the zipped file icon, and extract (unzip) the file to an empty directory. <p><b>Note</b> A folder named peoplesoft_ext_cd is created.</p>

## How to Install Extension for PeopleSoft 8.0 (XML)

**Introduction** This section describes how to install Extension for PeopleSoft 8.0 (XML) components.

**Procedure** Use this procedure to install Extension for PeopleSoft 8.0 (XML) components.

### Recommendation

If your Gentran:Server environment includes a controller and one or more remote clients, we recommend that you complete this installation procedure on the Gentran:Server controller first, followed by each Gentran:Server client.

Step	Action
1	<p>If you are installing from CD-ROM, complete the following:</p> <ol style="list-style-type: none"> <li>Insert the Gentran EAI Server installation CD in the CD-ROM drive.</li> <li>If Autorun is disabled on this machine, select <b>Run</b> from the Start menu and continue with <b>c</b>. Otherwise, continue with <b>Step 3</b>.</li> <li>Browse to the <b>CD-ROM drive</b> and run <b>setup.exe</b> file on the disk to initiate the installation.</li> </ol> <p><b>System Response</b> Setup begins. The system displays the Welcome dialog. The installation wizard guides you through the installation process. Continue with <b>Step 3</b>.</p> <p><b>Note</b> The software may take several seconds to prepare the wizard.</p>
2	<p>If you are installing from the ESD Portal download, browse to the <b>peoplesoft_ext_cd</b> folder and run <b>setup.exe</b>.</p> <p><b>System Response</b> Setup begins. The system displays the Welcome dialog. The installation wizard guides you through the installation process. Continue with <b>Step 3</b>.</p>
3	<p>Click <b>Next</b>.</p> <p><b>System response</b> The system asks you if you want to view the README.HTM file.</p>
4	<p>Click <b>Yes</b> to view the README file and then close it when finished.</p> <p><b>System response</b> The system displays an information dialog box stating that the IIS services (IIS service and related services) must be stopped before proceeding with the install.</p>

<b>(Contd) Step</b>	<b>Action</b>
5	<p>Click <b>OK</b>.</p> <p><b>System response</b> The system prompts you to stop the IIS service.</p>
6	<p>Click <b>Yes</b> at each prompt to stop a specified service and continue with the next step.</p> <p><b>System response</b> The system displays an information dialog box stating that the Gentran:Server services must be stopped before proceeding with the install.</p>
7	<p>Click <b>OK</b>.</p> <p><b>System response</b> The system prompts you with a series of informational dialog boxes that inform you that specific Gentran:Server services must be stopped before proceeding with the install.</p>
8	<p>Click <b>Yes</b> at each prompt to stop a specified service and continue with the next step.</p> <p><b>System response</b> The system prompts you that it is ready to install the Extension for PeopleSoft 8.0 (XML).</p>
9	<p>Click <b>Yes</b>.</p> <p><b>System Response</b> Installation begins and the system uploads the appropriate audit messages and installs the PeopleSoft components (including the PeopleSoft Gateway). When the Extension for PeopleSoft 8.0 (XML) is installed, the system restarts all applicable services (IIS service and related services, and all the Gentran:Server services) and displays an Information dialog box that indicates installation is complete.</p>
10	<p>Click <b>OK</b> to exit Setup.</p>

## GPS.HLP Help File and Related Documentation

---

### Introduction

These documents, which are available on the Gentran:Server Online Documentation CD-ROM and from the ESD Portal download, provide additional sources of information:

- ▶ The **Extension for PeopleSoft 8.0 (XML) Gateway Configuration Guide** explains the process for configuring PeopleSoft Gateway communications.
  - ▶ **Gentran:Server for Windows User's Guide and Administration Guide**  
These guides provide in-depth information about the Gentran:Server for Windows core system.
  - ▶ **Gentran:Server for Windows Communications User's Guide**  
This guide provides a high-level overview of the Gentran:Server for Windows communications subsystem. It also describes File System Gateway and mailbox configuration procedures, how to work with distribution lists and delivery agents, error messages, and how to track messages.
