In This Fix Pack

This fix pack contains the enhanced support for IBM® Sterling Warehouse Management System.

Installation Information

The prerequisites for this fix pack differ, depending on whether you are a new customer or an existing customer.

Prerequisites

Before you begin installing this fix pack, complete these prerequisites:

- If you are a new customer:
  - Install Sterling Warehouse Management System Release 9.1 before you install this fix pack. For information about installing Release 9.1, see the installation information on http://help.sterlingcommerce.com/SFSF91/index.jsp.
  - Follow the "Fix Pack Installation Procedure" below.
- If you are an existing customer, follow the "Fix Pack Installation Procedure" below.

Fix Pack Installation Procedure

This fix pack is available on the Sterling Commerce® Customer Center and on IBM Fix Central at http://www-933.ibm.com/support/fixcentral/.

The installation instructions file, `WMS_Fix_Pack_Installation.txt`, is included in the fix pack download.

Defects Addressed In This Fix Pack

The following defects have been addressed in this and previous fix packs to Sterling Warehouse Management System, Release 9.1.

Fix Pack 11

Fix Pack 9.1.0.11

Defect ID	288366
Case ID	37772,999,616

© Copyright IBM Corp. 2013

Description The Document Type attribute displays only the "Count" option, when a user performs the following sequence of actions:

1. Logs in to the application as DC1 node user.
2. Selects Inbound menu tab.
3. Navigates to the following screens from the menu:
   - Create QC Profile
   - QC profile Console
   - Create Activity Demand
   - Activity Demand Console

   In all the above screens, the "Document Type" attribute displays only "Count" option and other document types are not listed.

Solution: The "Document Type" attribute drop-down list now displays the following options:

- Purchase Order
- Blind Receipt
- Blind Order
- Transfer Order
- Blind Return

Defect ID 398992

Case ID 75180,999,760

Description When a user performs the following sequence of actions, the Item Inventory Report displays duplicate data:

1. Creates a standard item with same item ID and different item description under different enterprises, A and B.

   Note: Both A and B enterprises maintain their own catalog and inventory.
2. Executes the Item Inventory Report across enterprise.

Fix Pack 10

Release 9.1.0-FP 10

Defect ID 378440

Case ID 90262,999,744

Description Pack verification in the Sterling Mobile application for SKU (Stock Keeping Unit) fails, when a user perform the following sequence of actions:

1. Short picks the inventory and packs it in the system suggested container.
2. Resolves the short pick and packs the remaining items in a new container.

Solution: The user can now override the number of containers the system has suggested for packing the items.

Fix Pack 9

Release 9.1.0-FP 9

Defect ID 370935
Case ID 21699,999,760
Description **Description**: A user cannot modify the user group settings in the Configurator that are required to display the 'Retrieve Pack & Hold Shipments' menu option in the Outbound Shipment List and Load List screens.

Solution: A user can modify the user group settings.

Fix Pack 8

Release 9.1-FP8

Defect ID 371578
Case ID Internal
Description The Wave Release shortage alerts include cancelled shipments from previous waves.

Solution: The cancelled shipments are not included in the alert.

Release 9.1-FP8

Defect ID 372969
Case ID Internal
Description The system displays the "Retrieval Pack & Hold Shipments" menu label as "Retrieval Pack & Hold Shipments".

Solution: The invalid characters from the menu label have been removed.

Fix Pack 7

Fix Pack 9.1.0.7

Defect ID 351055

Case ID 90181,082,000

Description The IBM Sterling Mobile Application mandates a user to enter tag details, when a warehouse user performs the following sequence of actions:

1. Configures a sometimes tag-controlled item with Lot Number as Tag Identifier.
2. Adjusts inventory for the item in pack location.
3. Creates a shipment for the item.
4. Logs in to the Sterling Mobile application.
5. Selects the "Pack Shipment" activity from the menu.
6. Scans the Shipment Number, Container SCM, and item ID.

   The system prompts the user to scan the Lot number (tag identifier).
7. Presses F3 or Tab key to proceed to next screen without entering the tag information.

   The system throws the Tag Attributes not Found error.

Fix Pack 9.1.0.7

Defect ID 353907

Case ID 35691,999,616

Fix Pack 9.1.0.7

Description Update the description of "Weight" field in the *Sterling Warehouse Management System: Reports Guide*.

Solution: Updated the description of the "Weight" field in the *Parcel Manifest Report Layout* topic of the *Sterling Warehouse Management System: Reports Guide* as follows:

Weight The actual weight of the shipment container.

Fix Pack 6

Fix Pack 9.1.0.6

Defect ID 350200

Case ID 02471,000,000

Description The extended column in the YNW_SHIPMENT_DISCREPANCY table does not get updated, when the manageShipmentDiscrepancy API is invoked with the values for the newly added column.

Fix Pack 5

Fix Pack 9.1.0.5

Defect ID 322215

Case ID Internal

Description When a user generates the Physical Inventory Count Detail report, the error message, "RQP-DEF-0177 An error occurred while performing operation 'sqlOpenResult' status='-28" is displayed.

Solution: A relationship is created between the YNA_COUNT_RESULT and YNA_PI_IN_TASKID views, so that exception is not thrown.

Defect ID 322650

Case ID Internal

Description The following reports name are not localized in the Search Criteria window:

- Returns Report By Reason Code
- Same Day Pick Pack Ship Percentage Report
- Order Shipment Report
- Shipment Shortage Report

Solution: The Search Criteria console webpage has been updated, so that the entries provided in the search view matches the key-value pair provided in the YFS_RESOURCE table.

Fix Pack 4

Fix Pack 9.1.0.4

Defect ID	311639, 314097
Case ID	Internal
Description	The Sterling Warehouse Management System 9.1 reports must be certified on IBM Cognos 10.1.1. **Solution**: The Sterling Warehouse Management System 9.1 reports has been certified on IBM Cognos 10.1.1. The requisite information has been included in the *Sterling Warehouse Management System: Business Intelligence Guide* and *Sterling Warehouse Management System: Upgrade Guide*.

Defect ID	320043
Case ID	Internal
Description	The report date in French locale is not localized.

Fix Pack 3

Fix Pack 9.1.0.3

Defect ID	257753
Case ID	Internal
Description	Globalization issues have been addressed.

Fix Pack 2

Fix Pack 9.1.0.2

Defect ID	252042
Case ID	Internal
Description	Globalization issues have been addressed.

Defect ID	253402
Case ID	Internal
Description	The *Sterling Warehouse Management System: Installation Guide* must be updated with the information about localizing the Sterling Warehouse Management System. **Solution:** A new section, "Installing the Sterling Warehouse Management System Language Pack" has been added in the *Sterling Warehouse Management System: Installation Guide*.

Fix Pack 1

Fix Pack 9.1.0.1

Defect ID 211702

Case ID Internal

Description When a user runs the following command to initialize or manually load the data, the error message "Could not find class: org.apache.tools.ant.Main" is displayed. ant -f ynw_entity_uploader.xml -Dnode=<Node>.

Defect ID 241426

Case ID Internal

Description In the following screens, some of the literal values are not localized:

- Create Activity Demand
- Activity Demand Console (Search)
- Activity Demand Console (Detail)
- Receipt Discrepancy (Container Panel)
- Receipt Discrepancy (Item Panel)

Defect ID 241811

Case ID Internal

Description In the following reports, some of the literals are not localized:

- Order Cycle Time KPI
- Container Volume Monthly
- Inventory Aging
- Item Velocity
- In-Progress Container Summary
- In-Progress Shipment Summary
- Warehouse Activity Completion

Defect ID 241814

Case ID Internal

Description In the following reports, some of the literals are not localized:

- Shipments Near Or Past Cancel Date
- Item Attribute Setup
- Vendor Non Compliance
- Inventory Audit
- Containers Not Having Standard Quantity
- Staging Location

Known Issue: A report does not return any result for default criteria, if search criteria is not selected as a drop-down menu in the report. This issue has been observed in all the reports which has drop-down list in the search screens.

Workaround: Provide the search criteria as a drop-down list.

Note: The issue will be fixed in the upcoming Fix Pack.

Defect ID 242375

Case ID Internal

Description The LengthChecker tool when run in the 'CHECK' mode does not list the literals from the translatable columns in the SubClass.

Defect ID 242988

Case ID Internal

Description In the Applications Manager and Sterling Selling and Fulfillment Foundation application console, the field name "Country" must be displayed as "Country/Region".

Defect ID 246789

Case ID Internal

Description The term "country" must be replaced with "country or region" in the Sterling Warehouse Management System documents.

Solution: The following documents have been updated with the requisite information:

- *Sterling Warehouse Management System: Implementation Guide*
- *Sterling Warehouse Management System: Printed Documents Guide*

Notices

This information was developed for products and services offered in the U.S.A.

IBM may not offer the products, services, or features discussed in this document in other countries. Consult your local IBM representative for information on the products and services currently available in your area. Any reference to an IBM product, program, or service is not intended to state or imply that only that IBM product, program, or service may be used. Any functionally equivalent product, program, or service that does not infringe any IBM intellectual property right may be used instead. However, it is the user's responsibility to evaluate and verify the operation of any non-IBM product, program, or service.

IBM may have patents or pending patent applications covering subject matter described in this document. The furnishing of this document does not grant you any license to these patents. You can send license inquiries, in writing, to:

IBM Director of Licensing
