

A Business Partner Solution for the Public Sector

A Financial, Payroll, and Human Resource ERP Suite for Government Agencies and K-12 School Districts

SunGard

Integrated Financial and Administrative Solution (IFAS)

Business Challenge

Public sector entities (cities, counties, schools, and special districts) are required to provide greater accountability. To support this requirement, comprehensive ERP systems that are integrated and provide ready access to detailed records, metrics, transactions, and key performance indicators are needed.

Solution Description

SunGard offers its Integrated Financial and Administrative Solution (IFAS) as a complete suite of ERP software to meet the comprehensive needs of public sector entities. The suite includes a comprehensive and integrated offering to account for and report on increasingly complex accounting transactions and also offers state-of-the-art self-service modules for maximum efficiency. The package includes a complete set of modules including General Ledger, Purchasing, Payroll, Budgeting and all points in between.

Value Proposition

What sets IFAS apart is the comprehensiveness of its workflow engine and its seamless integration with drill around reporting and attached images and documents.

Company Description

SunGard is headquartered in Chico, CA and is an operating unit of SunGard Data Systems Inc., the 10th largest computer and data services company in the world. SunGard is a global leader in integrated IT solutions and electronic processing for financial services.
