

Your upgrade is waiting

Cognos Business Intelligence 10.2

Software upgrades always seem like trouble. Companies feel they take up too much time, money and resources.

But they don't have to.

"The IBM Cognos 10 upgrade was seamless and readily supported the existing application."
- *IBM Customer*

IBM Cognos Business Intelligence 10.2 upgrade won't hurt your budget or hinder productivity.

Get faster overall performance, enhanced self-service, and mobile device support.

- 15-60% reduction in build times
- 1 hour cube build time down to 20 minutes
- No charge to upgrade

"The new version of Cognos gives us the ability to create customized interactive dashboards that give each user immediate insight into their own specific area of the business. It's a much more intuitive and compelling way of using information."
- *IBM Customer*

It's fast, free and easy. Get started with your upgrade today.
