

BPM for Dummies ...front cover:

Book overview:

Are you ready to tackle Business Process Management (BPM) for your enterprise? Do you want to improve efficiency, enhance agility, and also be more profitable? If so, you've come to the right place.

BPM is an approach toward managing how an organization operates so it better meets the needs of clients. BPM enables organizations to be more efficient and more capable of change. BPM is exactly what your organization needs to meet the challenges of the modern business climate.

Business Process Management For Dummies, IBM Limited Edition, shows you what BPM is and how it can help your organization. You see how the BPM solutions from IBM help you gain many benefits from higher customer satisfaction to greater agility in adapting to changing market conditions.

Chapter 1: Understanding BPM

Chapter 2: Getting Started with BPM

Chapter 3: Putting BPM to Work for your Organization

Chapter 4: Improving BPM Automation and Decision Management

Chapter 5: Checking out BPM Success Stories

Chapter 6: Reasons to Choose BPM from IBM
