

IBM Software Universe 2010

Smart Decisions. Smarter Industries.

November 9, Grand Hyatt, Mumbai.

SMARTER DECISIONS HAVE THE POWER TO TRANSFORM YOUR BUSINESS.

FIND OUT HOW AT IBM SOFTWARE UNIVERSE 2010.

Welcome to **IBM Software Universe 2010**, the sixth edition of IBM India's annual flagship event. The smarter, faster way to discover cutting-edge software strategies and innovative best practices. Come, learn about integrated business models and real-world solutions that can help you gain a competitive advantage. Interact with senior business leaders across India. And walk away with actionable insights to transform your business.

A RENDEZVOUS WITH INDUSTRY GREATS

Meet **Steven A Mills**, Senior VP and Group Executive of the \$40 billion IBM Software & Systems Group that powers over 100,000 enterprises worldwide. Get technical certifications, attend exclusive industry tracks and gain insights from eminent luminaries across seven industries covering Communications, Distribution, Financial Services, Energy and Utilities, Manufacturing, Healthcare, IT & ITeS. An opportunity you cannot afford to miss!

Why attend?

- An opportunity to watch leading industry experts share their unique industry insights and discuss the measurable benefits of making businesses smarter.
- Draw inspiration from the success stories and experiences of leaders from other industries and unlock an innovation agenda to address your existing challenges and pave the way forward.
- Learn about the vision, strategy and latest solutions of IBM Software. See how IBM Software is creating smarter industries worldwide, one business at a time.
- Engage in intimate discussions with senior IBM executives and top business partners on how you can implement proven, clearly defined industry solution roadmaps to benefit your business.
- Return to your organisation with a clear action plan that addresses your company's specific path to becoming a smarter business.

The Customer-centric Enterprise: New Innovations for the New Economy

Find out how smarter software can help Retail, FMCG, Travel and Transportation businesses become more agile and effective in managing demand, optimising value chains, utilising smarter distribution channels, increasing customer trust and creating competitive advantage through service differentiation.
