Breakout sessions

| Time | Session # | Session title |
|--------------------------|-----------------|--|
| Monday, June 2 | | |
| 08:00 AM– 09:30 AM | General Session | Don't miss Kristiina Soderholm from Fortum speak about the Speed of Trust in the Nuclear Industry |
| 12:30 PM – 1:15 PM | DCB-1136 | Program Management - the journey so far! |
| 12:30 PM – 1:15 PM | CE-1036 | Best Practices Discussion about IBM Rational DOORS 9 |
| Tuesday, June 3 | | |
| 10:00 AM - 11:00 AM | CRM-1861 | Elevate Requirements Management to the Next Level |
| 10:00 AM - 11:00 AM | CSE-1367 | Systems Engineering Methodology Applied to the Sustainment of the Trans-Alaska Pipeline System |
| 11:15 AM – 12:15 PM | Swan 5 | Nuclear Technology Panel |
| 12:30 PM – 1:15 PM | DBD-2470 | Continuous delivery for SAP; For Who, What and How? |
| 12:30 PM – 1:15 PM | DEA-2469 | How EA is helping deliver business outcomes in today's economy |
| 01:45 PM - 03:45 PM | Swan 5 | Innovation in Energy: Student Competition |
| 04:00 PM - 05:00 PM | Swan 5 | Gazing into the crystal ball: Executive Panel exploring clean energy progress |
| Wednesday, June 4 | | |
| 08:00 AM - 09:00 AM | CRS-2227 | Thinking Green With National Instruments and IBM Automation Testing for Continuous Systems Delivery |
| 08:00 AM - 09:00 AM | CRM-1361 | Managing Requirements by Using IBM Rational DOORS for International Energy Engineering Project F4E (Fusion for Energy) |
| 10:45 AM - 11:45 PM | DEA-1276 | Demonstration of a Comprehensive, Semi-automated IBM Rational System Architect Macro (Chevron) |
| 12:30 PM – 1:15 PM | IIT-2433 | Developing for the Internet of Things |
| 01:45 PM - 02:45 PM | DEA-1833 | Petrobras IT Architecture Blueprint Framework |
| Thursday, June 5 | | |
| 09:45 AM - 10:45 AM | DEV-1265 | Petrobras ALM: From a Manual to an Automated Development Process |

Energy Day @ INNOVATE

Tuesday, 3 June 2014

Past, present, and future: Progress and innovation in the energy sector

Energy Day @ Innovate is a forum that explores progress in clean energy over the last decade, and looks into the future of trends, technologies, challenges, and innovations in the energy industry. This forum features a view into energy innovations from local organizations, a panel exploring nuclear energy and systems engineering, and an expert panel presenting perspectives on the future of clean energy.

Must-see sessions include:

11:15 AM – 12:15 PM

Nuclear technology panel: A look at the past, present, and future of the use of technology in the nuclear life cycle

1:45 PM – 3:45 PM

Innovation in energy: Student innovations for the progression of our clean energy future

4:00 PM – 5:00 PM

Gazing into the crystal ball: Executive panel discussing the past, present, and future of clean energy

5:00 PM – 7:30 PM

Industry Association Night at the Solution Center
