Introduction

Welcome to the Release Notes for IBM® WebSphere® Lombardi Edition for Microsoft® SharePoint Add-on 7.2.0.

Lombardi for SharePoint ships with several Microsoft SharePoint web parts that enable you to add Lombardi process information to corporate or personal SharePoint sites. This flexibility ensures that you can effectively maintain, manage, and analyze WebSphere Lombardi Edition tasks and process instances from any Microsoft SharePoint 2007 portal. See the section *Lombardi for SharePoint process portal web parts* in the *Lombardi for SharePoint 7.2.0 User Guide* for more information.

Using Lombardi for SharePoint, you can complete the following tasks from a SharePoint site:

- Launch Lombardi processes.

- View and perform assigned tasks from WebSphere Lombardi Edition.

- Manage in-flight Lombardi processes, including starting and stopping process instances, viewing process diagrams, and reassigning tasks to balance workload.

What's new in Lombardi for SharePoint 7.2.0

IBM® WebSphere® Lombardi Edition for Microsoft® SharePoint Add-on 7.2.0 introduces the following features and enhancements.

- Lombardi for SharePoint 7.2.0 uses the InstallShield installer instead of the InstallAnywhere installer used for Teamworks for SharePoint 2007.

For information about WebSphere Lombardi Edition compatibility and administration, see *What's changed in Lombardi for SharePoint 7.2.0*.

What's changed in Lombardi for SharePoint 7.2.0

This release of IBM® WebSphere® Lombardi Edition for Microsoft® SharePoint Add-on 7.2.0 introduces the following changes to WebSphere Lombardi Edition compatibility and administration.

- The Lombardi Software BPM product names have changed for this release. Teamworks is now IBM WebSphere Lombardi Edition. Teamworks for SharePoint 2007 is now IBM® WebSphere® Lombardi Edition for Microsoft® SharePoint Add-on 7.2.0, also known as Lombardi for SharePoint.

  WebSphere Lombardi Edition and Lombardi for SharePoint provide enhanced capabilities to the IBM WebSphere portfolio.

- The minimum supported release of WebSphere Lombardi Edition is 7.2.0.

- The collaboration function is not supported.

  Teamworks for SharePoint 2007 supported group collaboration when installed with Teamworks 7 or Teamworks 6 Enterprise. This collaboration feature is not supported in Lombardi for SharePoint 7.2.0.

For additional information about new features in this release, see *What's new in Lombardi for SharePoint 7.2.0*.

Known problems and workarounds

The latest information about known problems in IBM® WebSphere® Lombardi Edition for Microsoft® SharePoint Add-on 7.2.0 is documented on the IBM Support Portal.

You can view the IBM support portal at this address:

IBM Notices

This information was developed for products and services offered in the U.S.A. IBM may not offer the products, services, or features discussed in this document in other countries. Consult your local IBM representative for information on the products and services currently available in your area. Any reference to an IBM product, program, or service is not intended to state or imply that only that IBM product, program, or service may be used. Any functionally equivalent product, program, or service that does not infringe any IBM intellectual property right may be used instead. However, it is the user's responsibility to evaluate and verify the operation of any non-IBM product, program, or service.

IBM may have patents or pending patent applications covering subject matter described in this document. The furnishing of this documentation does not grant you any license to these patents. You can send license inquiries, in writing, to:

```
IBM Director of Licensing
IBM Corporation
North Castle Drive
Armonk, NY 10504-1785
U.S.A.
```

For license inquiries regarding double-byte character set (DBCS) information, contact the IBM Intellectual Property Department in your country or send inquiries, in writing, to:

```
IBM World Trade Asia Corporation
Licensing
2-31 Roppongi 3-chome, Minato-ku
Tokyo 106-0032, Japan
```

The following paragraph does not apply to the United Kingdom or any other country where such provisions are inconsistent with local law:

INTERNATIONAL BUSINESS MACHINES CORPORATION PROVIDES THIS PUBLICATION "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Some states do not allow disclaimer of express or implied warranties in certain transactions, therefore, this statement may not apply to you.

This information could include technical inaccuracies or typographical errors. Changes are periodically made to the information herein; these changes will be incorporated in new editions of the publication. IBM may make improvements and/or changes in the product(s) and/or the program(s) described in this publication at any time without notice.

Any references in this information to non-IBM Web sites are provided for convenience only and do not in any manner serve as an endorsement of those Web sites. The materials at those Web sites are not part of the materials for this IBM product and use of those Web sites is at your own risk.

IBM may use or distribute any of the information you supply in any way it believes appropriate without incurring any obligation to you.

Licensees of this program who wish to have information about it for the purpose of enabling: (I) the exchange of information between independently created programs and other programs (including this one) and (ii) the mutual use of the information which has been exchanged, should contact:

```
Intellectual Property Dept. for WebSphere Software
IBM Corporation
3600 Steeles Ave. East
Markham, Ontario
Canada L3R 9Z7
```

Such information may be available, subject to appropriate terms and conditions, including in some cases, payment of a fee.

The licensed program described in this document and all licensed material available for it are provided by IBM under terms of the IBM Customer Agreement, IBM International Program License Agreement or any equivalent agreement between us.

Any performance data contained herein was determined in a controlled environment. Therefore, the results obtained in other operating environments may vary significantly. Some measurements may have been made on development-level systems and there is no guarantee that these measurements will be the same on generally available systems. Furthermore, some measurements may have been estimated through extrapolation. Actual results may vary. Users of this document should verify the applicable data for their specific environment.

Information concerning non-IBM products was obtained from the suppliers of those products, their published announcements or other publicly available sources. IBM has not tested those products and cannot confirm the accuracy of performance, compatibility or any other claims related to non-IBM products. Questions on the capabilities of non-IBM products should be addressed to the suppliers of those products.

All statements regarding IBM's future direction or intent are subject to change or withdrawal without notice, and represent goals and objectives only.

This information contains examples of data and reports used in daily business operations. To illustrate them as completely as possible, the examples include the names of individuals, companies, brands, and products. All of these names are fictitious and any similarity to the names and addresses used by an actual business enterprise is entirely coincidental.

COPYRIGHT LICENSE:

This information contains sample application programs in source language, which illustrate programming techniques on various operating platforms. You may copy, modify, and distribute these sample programs in any form without payment to IBM, for the purposes of developing, using, marketing or distributing application programs conforming to the application programming interface for the operating platform for which the sample programs are written. These examples have not been thoroughly tested under all conditions. IBM, therefore, cannot guarantee or imply reliability, serviceability, or function of these programs.

Each copy or any portion of these sample programs or any derivative work, must include a copyright notice as follows:

```
