The screenshot displays the 'Object Detail: java.exe (Snapshot)' window. It features a zoom slider and a highlight dropdown set to 'Object: Maximum Path to Root'. The main area shows a graph with nodes for 'Root', 'java/lang/Class 2111DBF0', 'java/io/PrintStream 2113BB10', and 'java/util/Properties 2111FA08'. A tooltip for 'java/io/PrintStream 2113BB10' shows its details: Object ID, Class Name, Method Name, Size, O+R Size, References, and Referees. Below the graph is a table with columns 'Name' and 'Value' listing various objects and their addresses.
