R20 IBM eServer BladeCenter Networking with the Cisco Systems Intelligent Gb Ethernet Switch Module (Lecture)
by Ishan Sehgal, IBM and Ujjal Bajaj, Cisco Systems

The BladeCenter has expanded its ecosystem by introducing a new ethernet switch option for BladeCenter. This session will provide an in-depth understanding of the new Cisco Systems IGESM for BladeCenter. The presentation will include a discussion of the main features of the switch, management options, and important architectural aspects to consider for data center deployments.
