# Agenda

- General information
- Running the Dojo-based sample for Android
- Running the Dojo-based sample for iOS

#### About this task

- The Dojo Showcase is a hybrid mobile application designed for several mobile devices
- It features various Dojo mobile widgets and illustrates their function in web and hybrid applications for mobile platforms

#### About this task

- The Dojo Showcase works in two modes:
  - Single-column for devices with small screens
  - Two-column for devices with relatively large screens
- For Android:

| 4 🔶 🖩 📶 💈 16               | :30 |
|----------------------------|-----|
| Showcase                   |     |
| Controls                   |     |
| Buttons <sup>1.6</sup>     | >   |
| Forms <sup>1.6</sup>       | >   |
| Switches <sup>1.7</sup>    |     |
| 🐼 Swap View <sup>1.7</sup> |     |

- The Android and iOS versions of the Dojo Showcase have the same structure
- The following workflow is common to both versions when running the demo:
  - Load the Dojo Showcase
    - The demo menu is displayed, grouped into three sections: Controls, Effects, and Data
      - Switched to the demo view in single-column mode
      - Displayed in the right column in two-column mode
  - Scroll the demo menu and click the demo item
    - The demo is loaded
  - Run the demo
    - Follow the instructions that are provided in Explore the demos

- Click Source to display the source view
  - Click the HTML tab to see the HTML template of the demo

- Click the JavaScript tab to see the corresponding JavaScript code for the demo
  - Note that not all demos have JavaScript code

- Click **Demo** to return to the demo view
  - In single-column mode, you can also click Back
- Select another demo from the demo menu
  - In single-column mode, click **Back** to return to the demo menu and pick other demos
  - In two-column mode, you can directly click items in the demo menu to jump to different demos

# Agenda

- General information
- Running the Dojo-based sample for Android
- Running the Dojo-based sample for iOS

#### Before you begin

- See the following modules for how to build and deploy the Showcase:
  - Module 2 Setting Up Your Development Environment
  - Module 2.2 Setting Up Your Android Development Environment

#### Known limitations

There are some known limitations in this Showcase. The following instructions describe how to implement workarounds to these limitations:

- Zooming on Android tablets
  - On Android 3.0+ tablets, the Showcase is automatically zoomed which gives a poor user experience
  - To disable zooming, perform the following steps to set the SDK version to 11 or above:
    - Right-click the generated Android project and then Properties

|  |   | Android              |                             |          |           |

| - Project References   |   |                      |                             |          |           |
| Run/Debug Settings   | ~ | Reference            | Project                     |          | Add       |

- Click Android in the properties list
- Change Project Build Target to Android 3.0 or above and click OK
- Edit AndroidManifest.xml in the root of the generated project
  - Set android:minSdkVersion to the API level of the Project Build Target

```
</application>
<uses-sdk android:minSdkVersion="15" />
</manifest>
```

#### Known limitations

#### Enable Showcase features

- Edit AndroidManifest.xml in the root of the generated project
  - Add the following permission elements:

| <ul><li><uses-permission android:name="android.permission.ACCESS_COARSE_LOCATION"></uses-permission></li></ul> | Allows access to a coarse location such as Cell-ID or WiFi |
|--|--|
| <uses-permission android:name="android.permission.ACCESS_FINE_LOCATION"></uses-permission>                     | Allows access to a fine location such as GPS               |

Please also check the product Release Notes for information about known defects

Run a demo by selecting any entry in the demo menu

- Buttons
  - Check that the colors, textures, and shapes are correct

#### Forms

- Check that the input operations on all controls work correctly
- Click **Reset Form** to reset fields to their default values

  - Click Show Map to see your location marked on Google Maps
    - If Geolocation is enabled, the current position is located and marked on the map
  - Enter travel log details in the input area
    - Travel log details are automatically saved every 30 seconds
  - Click **New** to delete the current travel log and create a new one

## **Related information**

For more information about Dojo Mobile widgets, including views, see the following link: <u>http://docs.dojocampus.org/dojox/mobile</u>

# Agenda

- General information
- Running the Dojo-based sample for Android
- Running the Dojo-based sample for iOS

## Before you begin

- See the following modules for how to build and deploy the Showcase:
  - Module 2 Setting Up Your Development Environment
  - Module 2.1 Setting Up Your iOS Development Environment

### Known limitations

There are some known limitations in this Showcase. The following instructions describe how to implement workarounds to these limitations:

- Importing a Worklight<sup>®</sup> project
  - The import window does not close when importing an existing project into the workspace for the first time
  - This behavior is a known Eclipse defect
    - https://bugs.eclipse.org/bugs/show\_bug.cgi?id=337913
  - To resolve this situation, perform the following steps:
    - Exit the Worklight Studio
      - Right-click the Eclipse icon and then Close
    - Restart the Worklight Studio
    - Delete the partially imported project from the workspace
    - Import the project again
      - The project is successfully imported

# Known limitations

- Screen rotation
  - Apache Cordova disables screen rotation by default
  - To enable free rotation, perform the following step:
    - Edit CDVMainViewController.m
      - Update method shouldAutorotateToInterfaceOrientation to always return YES in the generated native Xcode project

```
- (BOOL)shouldAutorotateToInterfaceOrientation:(UIInterfaceOrientation)interfaceOrientation
{
    // Return YES for supported orientations
    return (interfaceOrientation == YES);
}
```

Please also check the product Release Notes for information about known defects

Run a demo by selecting any entry in the demo menu

- Buttons
  - Check that the colors, textures, and shapes are correct

- Forms
  - Check that the input operations on all controls work correctly
  - Click **Reset Form** to reset fields to their default values

#### Notices

- Permission for the use of these publications is granted subject to these terms and conditions.
- This information was developed for products and services offered in the U.S.A.
- IBM may not offer the products, services, or features discussed in this document in other countries. Consult your local IBM representative for information on the products and services currently available in your area. Any reference to an IBM product, program, or service is not intended to state or imply that only that IBM product, program, or service that does not infringe any functionally equivalent product, program, or service that does not infringe any IBM intellectual property right may be used instead. However, it is the user's responsibility to evaluate and verify the operation of any non-IBM product, program, or service that be used. Any, is not service.
- IBM may have patents or pending patent applications covering subject matter described in this document. The furnishing of this document does not grant you any license to these patents. You can send license inquiries, in writing, to:
  - IBM Director of Licensing IBM Corporation North Castle Drive Armonk, NY 10504-1785 U.S.A.
- For license inquiries regarding double-byte character set (DBCS) information, contact the IBM Intellectual Property Department in your country or send inquiries, in writing, to:
  - Intellectual Property Licensing Legal and Intellectual Property Law IBM Japan Ltd. 1623-14, Shimotsuruma, Yamato-shi Kanaqawa 242-8502 Japan
- The following paragraph does not apply to the United Kingdom or any other country where such provisions are inconsistent with local law: INTERNATIONAL BUSINESS MACHINES CORPORATION PROVIDES THIS PUBLICATION "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Some states do not allow disclaimer of express or implied warranties in certain transactions, therefore, this statement may not apply to you.
- This information could include technical inaccuracies or typographical errors. Changes are periodically made to the information herein; these changes will be incorporated in new editions of the publication. IBM may make improvements and/or changes in the product(s) and/or the program(s) described in this publication at any time without notice.

- Any references in this information to non-IBM Web sites are provided for convenience only and do not in any manner serve as an endorsement of those Web sites. The materials at those Web sites are not part of the materials for this IBM product and use of those Web sites is at your own risk.
- IBM may use or distribute any of the information you supply in any way it believes appropriate without incurring any obligation to you.
- Licensees of this program who wish to have information about it for the purpose
  of enabling: (i) the exchange of information between independently created
  programs and other programs (including this one) and (ii) the mutual use of the
  information which has been exchanged, should contact:
  - IBM Corporation
     Dept F6, Bldg 1
     294 Route 100
     Somers NY 10589-3216
     USA
- Such information may be available, subject to appropriate terms and conditions, including in some cases, payment of a fee.
- The licensed program described in this document and all licensed material available for it are provided by IBM under terms of the IBM Customer Agreement, IBM International Program License Agreement or any equivalent agreement between us.
- Information concerning non-IBM products was obtained from the suppliers of those products, their published announcements or other publicly available sources. IBM has not tested those products and cannot confirm the accuracy of performance, compatibility or any other claims related to non-IBM products. Questions on the capabilities of non-IBM products should be addressed to the suppliers of those products.

# Support and comments

- For the entire IBM Worklight documentation set, training material and online forums where you can post questions, see the IBM website at:
  - http://www.ibm.com/mobile-docs
- Support
  - Software Subscription and Support (also referred to as Software Maintenance) is included with licenses purchased through Passport Advantage and Passport Advantage Express. For additional information about the International Passport Advantage Agreement and the IBM International Passport Advantage Express Agreement, visit the Passport Advantage website at:
    - <u>http://www.ibm.com/software/passportadvantage</u>
  - If you have a Software Subscription and Support in effect, IBM provides you assistance for your routine, short duration installation and usage (how-to) questions, and code-related questions. For additional details, consult your IBM Software Support Handbook at:
    - http://www.ibm.com/support/handbook
- Comments
  - We appreciate your comments about this publication. Please comment on specific errors or omissions, accuracy, organization, subject
    matter, or completeness of this document. The comments you send should pertain to only the information in this manual or product and
    the way in which the information is presented.
  - For technical questions and information about products and prices, please contact your IBM branch office, your IBM business partner, or your authorized remarketer.
  - When you send comments to IBM, you grant IBM a nonexclusive right to use or distribute your comments in any way it believes
    appropriate without incurring any obligation to you. IBM or any other organizations will only use the personal information that you supply
    to contact you about the issues that you state.
  - Thank you for your support.
  - Submit your comments in the IBM Worklight forums at:
    - https://www.ibm.com/developerworks/mobile/mobileforum.html
  - If you would like a response from IBM, please provide the following information:
    - Name
    - Address
    - Company or Organization
    - Phone No.
    - Email address

# Thank You
