

IBM Program usage and installation report instructions

Security / QRadar Help Guide

Please see below the additional help in collecting deployment information for your IBM Software. (You may need to zoom in to more easily view the screenshots.)

1. Please follow the below steps to obtain a list of installs/devices on which QRadar is installed:

Step 1: Click the Admin tab.

Step 2: On the Navigation menu, click System Configuration.

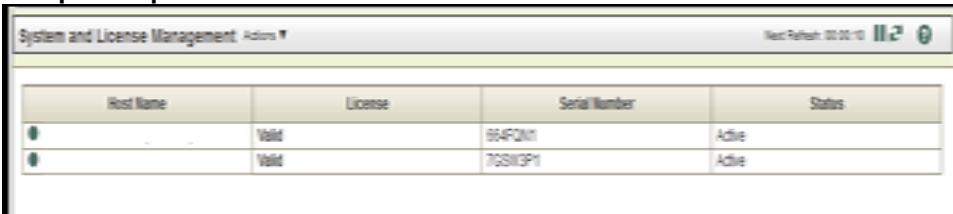

Step 3: Click the System and License Management icon.

Step 4: From the Display list box, select Licenses.

Step 5: To display the Current License Details window for a license, double-click the license that you want to view.

2. Please provide a screenshot from the QRadar SIEM Console and the System & License Management:

Sample Output

The screenshot shows the 'System and License Management' window in the QRadar SIEM console. The window title is 'System and License Management' with a dropdown arrow. In the top right corner, it says 'Next Refresh: 00:00:10' and has some icons. Below the title bar is a table with the following columns: 'Host Name', 'License', 'Serial Number', and 'Status'. There are two rows of data in the table, both with a green status icon on the left.

Host Name	License	Serial Number	Status
	Valid	004F2N1	Active
	Valid	70S103P1	Active
