Impact2010

The Premier Conference for Business and IT Leaders

MAY 2-7 Las Vegas, NV

Right now there are governments seamlessly collaborating among their employees, business partners, and constituents. Right now there are governments adapting quickly to changing market conditions. And right now there are governments getting the right information to the right people at the right time - every time.

How are these governments working smarter, not harder?
Find out by registering for Impact 2010. Right now.

Government at Impact 2010

Bringing business and technology together for results

Planned topics include...

- **Smarter Cities – Driving the World's Return to Growth:** Optimizing performance across transport, water, energy, safety, health, and education
- **Federal Government Agencies Transform Business Processes:** Success stories of US Department of Labor and US General Services Administration
- **New York State Tax Modernizes Tax Systems:** Achieving efficiencies and business benefits through innovative designs and products
- **Lockheed Martin and IBM Accelerate Cloud Leveraging SOA:** How to establish an initial cloud computing environment
- **Kingdom of Saudi Arabia Delivers Performance and Interoperability:** Reliably deploying across a large number of government agencies
- **Texas Education Agency Undergoes Rules-driven Transformation:** Enabling subject matter experts to manage business rules within processes
- **US Air Force HR Optimization Through SOA Discovery:** Tackling the ever challenging business of Air Force personnel
- **Lockheed Martin Implements Successful Integration at the U.S. DoD:** Two successful references and their business cases development
