

IBM Software

Impact2013

Business. In Motion.

The Venetian, Las Vegas, NV | April 28–May 2

Insurance

IBM helped insurance companies...

...reduce payment cycles from 30 days to one day

...reduce claim and fraud costs by

30%

...reduce customer/agent service costs by

50%

...increase new business quotes by

40%

...increase invoice throughput by

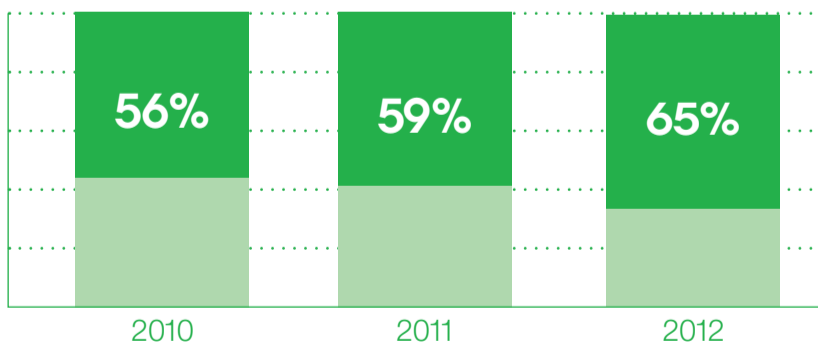

300%

“Liberty profile will save an hour or more per day, per developer.

Saves significant time and money”

Vlad Khin, FJA US

The largest industries represented at Impact are **banking and insurance**. Together, they equal more than half of the total attendance every year.

At Impact 2013, there will be

600+
sessions

in the Technical Program and 35 in the Business Program
